

***SNALLYGASTER'S
CUSTOM PERIOD CIVILIAN TAILORING**

by Shorty Robbins

Welcome to Snalligaster's fine period reproductions for the discriminating reenactor and living historian.

I use many research sources for the patterns of these garments. If you have a special request (such as a certain trim style, copy of a photograph) or a new source of information, please let me know and I will work with you.

Please browse the list for the garment to suit your needs. If you do not find it, please don't hesitate to ask! If I can find a photo, drawing or other reference, generally I can produce the garment.

All quoted costs are for construction only, I EXCLUDE fabric, buttons and other notions. These can be supplied by the client or I will provide at my cost plus 20%. Quoted cost includes machine topstitching and buttonholes or hand worked topstitching and buttonholes available for additional fee.

CIVIL WAR

	machine	handworked	approx. supplies needed

ORDER FORM

TO ORDER, call for a measurement fitting. Order taken upon payment of material cost and 50% down. Balance of 50% due at final fitting. Approximate delivery date will be given at measurement fitting. Allow 12 weeks for most orders, rush orders may be negotiable.

NAME _____ PHONE __ (____) _____

ADDRESS _____

CITY _____ STATE _____ ZIP _____

E-MAIL _____

DESIRED DELIVERY DATE: _____

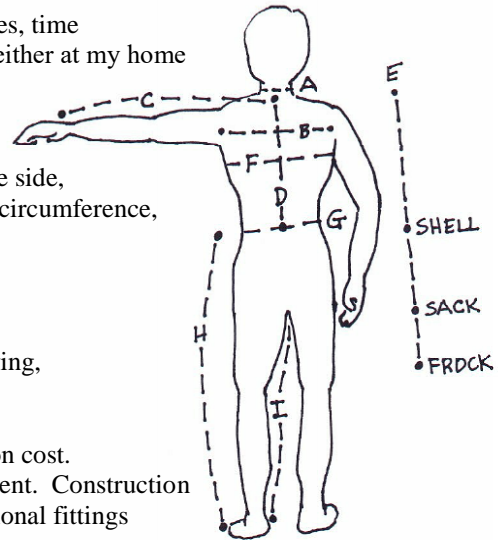

FITTINGS: Personal fittings are ideal, but sometimes circumstances, time and distance won't allow. Please try to plan for at least one fitting, either at my home or at an event. If this is not possible, I will need the following measurements (with a tailor's measuring tape, not a carpenter's!):

Men's garments: (A)neck circumference, (B)shoulder width, (C)length from back bone to desired sleeve length with arm out to the side, (D)base of neck to waist, (E)base of neck to desired length, (F)chest circumference, (G)waist circumference, (H) outseam length, (I) inseam length.

Ladies Garments: Above plus finished length over hoop

FABRIC: I can work with yours or mine, or a combination of both. I have several good wholesale sources, so check with me before buying, or go shopping with me at an event!

NOTE: I include all thread, piping and interfacing in the construction cost. Any additional trims are extra at cost plus 20% or supplied by the client. Construction cost includes three fittings: measurement, midpoint and final. Additional fittings or alterations are a minimum \$25 fee.
